

Chapel Requirements For AUDIO VISUAL

The Palmdale group, has modern audio visual systems in all of our chapels, each with a commissionaire able to assist you on the day of your service.

Video, Powerpoint and music files can be played through either a CD player, a DVD player or an Apple Macbook Pro, using either Windows Media Player, Quicktime or Apple iTunes etc.

Please ensure your photo presentation is finalised and has been tested with our commissionaire at either Palmdale or Greenway before the service. **Please call for an appointment.**

Palmdale Lawn Cemetery & Memorial Park Phone 4362 1203
Greenway Chapel and Memorial Gardens Phone 4369 2013

The below formats are compatible with the chapel equipment:

-  **AUDIO/MUSIC**
- Audio CD
 - MP3, WAV or AIFF files on a USB Drive or Hard Drive formatted for a Mac (Fat 32 etc.)
 - any phone or media player with a stereo 3.5m mini jack socket (like an iphone) or an ipod

-  **VIDEO**
- DVD
 - On a USB Drive or Hard Drive formatted for a Mac (Fat 32 etc.) with a .MOV, MP4, Windows Media file

-  **POWERPOINT PRESENTATIONS**
- with all files and assets saved in the project)
 - on a USB Drive or a Hard Drive formatted for a Mac (Fat 32 etc.)(with music included in the slide show if required).

Note: Please avoid bringing photos/jpg on a CD or USB as synching music to a folder of photos is not a reliable way to ensure a smooth, memorable service for your love one. Your funeral director should be able to assist you with this or provide contact details of someone who can perform this service for you.
